Toronto, Ontario (May 14, 2019) – Chantrell Ventures Corp. (NEX:CV.H) ("**Chantrell**") is pleased to announce that it has entered into a definitive arrangement agreement with Alexandria Minerals Corporation (TSX-V:AZX; OTCQB:ALXDF; Frankfurt:A9D) ("**Alexandria**") dated May 14, 2019 (the "**Alexandria Arrangement Agreement**"), pursuant to which, among other things, following the acquisition of certain non-core assets of Osisko Mining Inc. (OSK:TSX) ("**Osisko Mining**") by Chantrell, which will result in the reverse-take over (the "**Reverse Take-Over**") of Chantrell by Osisko Mining, the resulting issuer, which will be renamed "O3 Mining Inc." ("**O3 Mining**" or the "**Resulting Issuer**"), will acquire all of the issued and outstanding common shares of Alexandria pursuant to a statutory plan of arrangement under Section 192 of the *Canada Business Corporations Act* (the "**Alexandria Arrangement**").

Under the Alexandria Arrangement, shareholders of Alexandria ("**Alexandria Shareholders**") (other than Alexandria Shareholders validly exercising their dissent rights, if any) will be entitled to receive 0.010309 common shares of O3 Mining (on a post-Consolidation (as defined below) basis) in exchange for each Alexandria share held immediately prior to the effective time of the Alexandria Arrangement.

The Alexandria Arrangement has been priced based on deemed value of CDN \$3.88 per common share of O3 Mining (on a post-Consolidation (as defined below) basis), being the purchase price of subscription receipts issued under Chantrell's CDN \$18.2 million financing, and values the common shares of Alexandria at CDN \$0.04 per share. The deemed purchase

price of CDN \$0.04 per common share of Alexandria represents a premium of approximately 18% over the five-day volume weighted average price ("**VWAP**") and approximately 23% over the 20-day VWAP of common shares of Alexandria on the TSX Venture Exchange as of the close of trading on May 13, 2019.

Walter Henry, the Interim President and Chief Executive Officer of Alexandria commented: "This transaction will fold Alexandria's key Val d'Or land package into O3 Mining's exploration properties at an early stage of O3 Mining's history. With its proven team of Québec explorers, strong balance sheet and available sources of funding, we believe that the O3 team will be able to apply their technical expertise to properly explore the Alexandria properties and maximize their long-term potential for all of O3 Mining's stakeholders, including Alexandria's current shareholders."

Chantrell is also pleased to announce, further to its announcements dated February 20, 2019 and March 27, 2019, that it has entered into a definitive arrangement agreement with Osisko Mining dated May 14, 2019 (the "**Osisko Arrangement Agreement**"), pursuant to which, among other things, certain non-core assets of Osisko Mining will be transferred to Chantrell, resulting in the Reverse Take-Over of Chantrell by Osisko Mining, by way of a statutory plan of arrangement under Section 182 of the *Business Corporations Act* (Ontario).

Under the Alexandria Arrangement, Alexandria Shareholders (other than Alexandria Shareholders validly exercising their dissent rights, if any) will be entitled to receive 0.010309 common shares of O3 Mining (on a post-Consolidation basis) in exchange for each Alexandria share held immediately prior to the effective time of the Alexandria Arrangement.

Alexandria Meeting

Shareholders of Alexandria will be asked to approve a special resolution to authorize the Alexandria Arrangement (the "**Alexandria Arrangement Resolution**") at a special meeting of Alexandria Shareholders (the "**Alexandria Meeting**"). The requisite approval of the Alexandria Arrangement Resolution will be at least two-thirds (66⅔ percent) of the votes cast on the Alexandria Arrangement Resolution by the Alexandria Shareholders, voting as a single class, present in person or by proxy at the Alexandria Meeting.

In addition, Alexandria has agreed to pay a termination fee of CDN \$875,000 to Chantrell if the Alexandria Arrangement Agreement is terminated in certain circumstances, including if Alexandria enters into an agreement with respect to a superior proposal or if the Board of Directors of Alexandria (the "**Alexandria Board**") withdraws its recommendation with respect to the Alexandria Arrangement.

In connection with the Arrangement Agreement and the transactions contemplated therein, Chantrell and Alexandria have, among other things, agreed that: (i) Chantrell will cause Osisko to provide certain loan advances to Alexandria prior to the effective time of the Alexandria Arrangement; and (ii) the Alexandria Shareholders are expected to hold approximately 14.5% of the issued share capital of O3 Mining upon completion of both the Alexandria Arrangement and the Reverse Take-Over.

Separately, Alexandria terminated the proposed royalty sale that was announced on April 1, 2019 after Alexandria and the applicable third party failed to agree on terms and conditions necessary for the sale.

The Alexandria Board unanimously recommends that Alexandria Shareholders vote in favour of the resolution to approve the Alexandria Arrangement at the Alexandria Meeting. The recommendation of the Alexandria Board is supported by a fairness opinion by INFOR Financial Inc. to the effect that, as of the date of their opinion, and subject to the assumptions, limitations and qualifications set out in such opinion, the consideration to be received by Alexandria Shareholders pursuant to the Alexandria Arrangement is fair, from a financial point of view, to the Alexandria Shareholders.

Each director and officer of Alexandria has entered into a voting support agreement with Chantrell to, among other things, vote their common shares of Alexandria in favour of the Alexandria Arrangement and to otherwise support its completion of the Alexandria Arrangement, subject to the provisions of the voting support agreement.
